# DORCHESTER TOWN COUNCIL CORPORATE PLAN 2015 - 2019

Second draft

Pages 9, 10, 13, 14 & 15 to be updated

#### **DORCHESTER TOWN COUNCIL**

With 20 councillors in four wards elected every 4 years, the Town Council is the local tier of an over complex governance structure for the town which also involves the County Council, Health and blue light services and a District Council.

The Town Council has traditionally played the role of delivering a range of valued but non-critical operational services, including the Borough Gardens and Municipal Buildings, Cemeteries, and Sports Pitches, and in recent years has focused on ensuring that the buildings and infrastructure used for these services is of a high quality, including the Borough Gardens, Weymouth Avenue Pavilion and Municipal Buildings refurbishments.

It has expanded its infrastructure to support different parts of the community, particularly the needs of young people (the Skate park and Free Running equipment) and the needs of Poundbury (play equipment on the Great Field). The Council also directly provides or actively assists the provision of many of the cultural, social and civic events held in the town.

The Town Council now recognises that, with the growth of the town, with the pressure on local government funding and with the ability of other tiers of government to focus on local issues diminishing, it needs to take the lead in shaping a vision for the long term future of Dorchester.

The following pages describe

- Our town, briefly introducing it to the reader
- Our vision for how the town will change in the long term
- Our two strategic aims, which will help us maintain good services while focusing on how we need to work with others to adapt to the changing needs of the town

### INTRODUCING THE TOWN OF DORCHESTER

Dorchester, Dorset's county town, has a population of 19,100 (2012 data) in around 9,400 dwellings. The town has grown by around 25% over the last 15 years, and will continue to grow at the same rate for the next decade, taking its population to around 23,000 by 2021.

The town's population is significantly older than the national average, with an over 65 age population of 23% (6% higher than the national average), and with only 28% of residents in the 20 – 44 age range (over 5% below the national average). This age profile will worsen as the town grows and will increasingly create major problems for public service delivery over the next 20 years.

The town's economy is built around its role as the administrative, health and school hub for the surrounding area, with 56% of the 17,500 jobs in the town working in the public sector. Retail, Food and Accommodation provides around 17% of jobs, with a further 18% of jobs being provided in the professional and other services sectors, consistent with the town's role as a commercial hub. Unemployment levels are very low, around 1% and in 2014 only 16 residents were unemployment long term.

Over half of the jobs in the town are carried out by workers who come from outside the town. With a number of major employers not providing enough car parking on site, coupled with the need for patients to visit hospital, visitors coming to town to shop and carry out business, and pupils coming in to one of the largest secondary schools in the country, traffic and parking are already a major issue, with the situation worsening as the town's population grows while its road infrastructure doesn't.

While the town is relatively affluent there are pockets of deprivation, with 2 of the towns 11 wards among the 10% most deprived in the county. Around 16% of residents receive either or both Housing and Council Tax Benefits. Property prices are very high relative to salaries earned, making it particularly difficult for those on low income or starting out on their careers to live within the town.

There is a vibrant community structure in place in town, using good recreational and social infrastructure, with an improving cultural infrastructure. However not all sectors of the community are fully developed, and there is no clear way for residents to access information about the range of opportunities and support available to them.

And much of the town's economic, community and cultural activity is taking place within the boundaries of a roman town, while the population continues to grow at some pace, creating tensions for the heritage of the town and the environment that surrounds it, in such a way that preserving and accessing the town's heritage becomes increasingly difficult.

The recently adopted local plan for the West Dorset area identifies a shortfall in land for new house development of 4,500 dwellings, with a clear statement from the planning inspector that the Dorchester area should be considered when reviewing potential sites for further growth. This presents the prospect that even after all planned development in the town has been completed, the town may be expected to accommodate further growth. A

plan for growth district wide is required by 2021, and any new sites allocated could be developed immediately once the revised plan has been adopted.

In summary Dorchester's success might at the same time threaten what makes it special. The growth of population and housing, with more planned and potential new allocations, a strong economy with potential for retail and tourism growth and an attractive environment and vibrant community, all create needs which the infrastructure of the town is struggling to cope with. While there are clear visions for parts of the town, for example Poundbury and Brewery Square, there is as yet no clear vision for the town as a whole to work towards.

## **OUR VISION FOR DORCHESTER**

## We want Dorchester to be

- A more balanced population less "old", providing opportunities for younger people and young families to be able to live in the town
- Still with a vibrant community supporting all sectors of our community
- A more Varied Housing Mix more 1 & 2 bed properties for the under 35's
- An important public sector hub recognising our traditional role as county town and sub-regional hub
- But a more diverse economy knowledge based small businesses enjoying a high quality of life, a better retail and night-time economy offer, a developed heritagebased tourism offer
- With an infrastructure capable of coping with the demands that economic success
   brings with a good road network and car parking where it needs to be
- Respecting of but taking advantage of our heritage & environment a co-ordinated approach to tourism, active engagement to ensure that new developments complement the town's existing heritage, in a town that cares both for its own green environment and environmental sustainability
- Aware of and in agreement with the long term phases of growth for the town and the area it serves

To achieve the vision we need to focus on the items in **bold**. Our key actions to support the vision are as laid out on the next pages.

## **Key Statistics**

Population 1991: 16,200 2012: 19,100 (up 18%) 2021?: 23,000 (up 20%) 2031:???

Demographic U19: 4,115 (21.5%, -2.6%) 20–44: 5,397 (28.2, -5.4%)

45-64: 5,216 (27.2%, +1.9%) O65: 4,415 (23.1% +6.1%) (+/- % v. UK avge)

#### STRATEGIC AIMS

The Town Council has two strategic aims

- Representing the views of the people of Dorchester in supporting the development of a coherent vision for the future of the town
- Delivering a range of operational services as effectively and economically as possible

These Strategic Aims are explained in more detail below.

# STRATEGIC AIM 1: REPRESENTING THE VIEWS OF THE PEOPLE OF DORCHESTER IN SUPPORTING THE DEVELOPMENT OF A COHERENT VISION FOR THE FUTURE OF THE TOWN

The Town Council is best placed to capture the future vision for Dorchester, recognising the tensions between, and then balancing the key competing demands in the town: -

- The need for a healthy local economy with its important infrastructure requirements
- The need to ensure the provision of a housing mix to meet the needs of our residents, particularly young people and families
- The need to travel round and within the town by a range of transport methods
- The need for a vibrant, engaged and inclusive local community that meets the aspirations of all parts of a growing town
- The need to support and develop the unique character of Dorchester by paying respect to its history and heritage, its environment and culture, and its community spirit
- The need to agree, with the statutory authorities, a longer term plan for any growth of the town

The Town Council will consult its residents on its draft vision, using their feedback to help shape a final document that will clearly state that vision and identify the steps we will undertake to seek to achieve it.

The Town Council will work constructively with the statutory authorities to achieve its vision for the town, recognising that they have a role across wider Dorset that requires them to consider other needs than those of the town, but also requiring those authorities to recognise that they have a duty to consider the needs of the town.

The Town Council has two options available to it to document its vision, either: -

- By agreeing a Memorandum of Understanding with our key Partners
- Through the adoption of a Neighbourhood Plan

In due course, taking account of external factors such as the political environment, the changing face of local government, and key events such as the adoption of a Local Plan, the Town Council will decide which of these options it should take to achieve recognition of its vision by other parties.

### STATEMENTS SUPPORTING STRATEGIC AIM 1

## Local Economy: Focusing on a more diverse Economy

- We will work actively with business and cultural representatives to ensure that Dorchester is
  marketed to attract heritage based tourism to the area and will also focus on measures to
  ensure that Dorchester is marketed to attract knowledge based small businesses to the area
- We will work proactively with the developers of Charles St, Brewery Square and Poundbury
  to deliver an effective retail environment and night time economy that is in keeping with the
  Town Council's vision for our heritage and environment
- We will work with West Dorset DC to ensure that key pieces of economic infrastructure (Markets, Toilets, TIC) are safeguarded

## **Employment data (2012)**

Sectors Public Service: 9,975 (56%), Distribution, Accommodation & Food: 2,975 (17%)

Other: 4,550 (27%)

Jobs 17,500 - c. 9,500 do not live in the town

Work Practice Full time (56%), Part time (25%), Self Employed (12%)

Skill Mix High (42%), Intermediate (42%), Low (16%)

Unemployment 2014 data: 90 (0.9%) Long term: 16

Econ. Active: 9,619 (50%), Retired: 4,476 (23%), Student/U16 3,750 (20%), Carer/Sick/Other inactive

1,226 (7%)

## Housing: Aiming to achieve a more Varied Housing mix

- We accept the need for the further growth of the town over the long term, beyond that already planned for and will actively assist the process of identifying and bringing forward sites for new dwellings within the Dorchester bypass boundary, including on our own land
- We wish to actively engage with West Dorset District Council regarding any proposals they
  develop for additional development on the towns borders, but would expect all other parts
  of the district covered by the Local Development Plan to take a share of new development
- While there should be a mix, we would like a particular focus on smaller 1 2 bed units, including flats, designed to attract families and individuals under 35 to live in the town
- We will challenge developers to meet their obligations to provide affordable housing on new developments

## **Housing data**

Dwellings 1998: 7,328 2013: 9,428 (up 29% in 15 years) c. 2,000 more dwellings approved

Tenure Owned outright 3,108 (37%) Mortgage 2,423 (29%) Shared ownership 88 (1%)

Social rented 1,511 (18%) Private rented 1,215 (14%) Rent free 104 (1%)

(2011 national census data)

# Traffic & Highways: Requesting an infrastructure capable of meeting the demands of residents, workers and visitors to the town

- We will seek to work with Dorset CC and West Dorset DC to develop an overall strategy for parking, to reduce overall levels of traffic in and around the town
- We will press larger employers in the town to ensure they provide adequate and appropriate parking for their workers and will encourage Dorset CC and West Dorset DC to provide suitable parking for workers in the town
- We will work with West Dorset DC and the town centre business community to provide for the needs of shoppers and tourists, with a particular focus on the period during which Charles St car park is being redeveloped
- We will continue to support the DTEP project and in particular will commit funding to enhance the environmental appearance of the town centre

## Community, Wellbeing, and Cultural: Supporting all sectors of our community

- We will actively seek to work with other to develop cohesion within and between the town's communities
- We will provide practical and financial support to ensure that the Dorchester Youth and Community Centre remains operational in the long term
- We will support sporting and cultural organisations to develop their infrastructure and profile to encourage greater involvement by the community

<b>Deprivation Multiple Index</b> (of 247 parishes)	Position in	Percentile %	Socio Economic Groups	
	Dorset		Wealthy Achievers	14.70%
Town Centre	15	6	<b>Urban Prosperity</b>	17.40%

Monmouth Road	229	93		
Manor Park	242	98		

**Benefit Recipients** 2,987 (15.7%) of residents receive Council Tax or Housing Benefit

# Heritage & Environment: Safeguarding, Respecting of, but taking advantage of, our heritage and environment

In seeking to get the balance right between protecting our heritage and promoting it we will

- We will work with heritage partners and business representatives to develop a shared heritage tourism vision and subsequent action plan
- We will co-ordinate activity to maintain the town's heritage assets to a high standard
- Continue to provide a wide range of green spaces for different uses within the town
- Promote a sustainable approach to the development of the town

# SUMMARY OF OUR AIMS FOR FUTURE PLANNING OF DORCHESTER

Field	Short Term	Medium Term	Long Term
	Next 2 years	2 – 5 years	6 – 20 years
Local Economy	Work proactively with developers		
	Facilitate discussions with business reps to improve how the town is marketed		
Housing	Understand what steps WDDC can take to reduce dwellings not in use and promote their use	Engage in a debate about future housing need in Dorchester and possible locations	Proactively engage with site developers to ensure they understand our expectations when submitting applications for development
Traffic & Highways	Facilitate engagement with the community re DTEP  Work with town centre businesses to ensure that proper parking arrangements are made during the construction of Charles Street	Work with larger employers and local authorities to make appropriate worker and visitor parking arrangements  Work with business community and local authorities to provide for the needs of visitors	
Community, Wellbeing, and Cultural	Contribute to the Better Working Together database of Community infrastructure Actively promote use of the database by residents of Dorchester	Identify sectors of the community that could be encouraged and work with them to develop new community opportunities	
Environmental & Heritage	Engage with Heritage and Business partners to create a shared tourism vision  Proactively engage with Simons to ensure that the Charles St development complements the town's existing heritage	Develop a strategy to encourage sustainable approaches to deliver the town's needs	

# KEY DEVELOPMENTS OVER THE NEXT 12 MONTHS

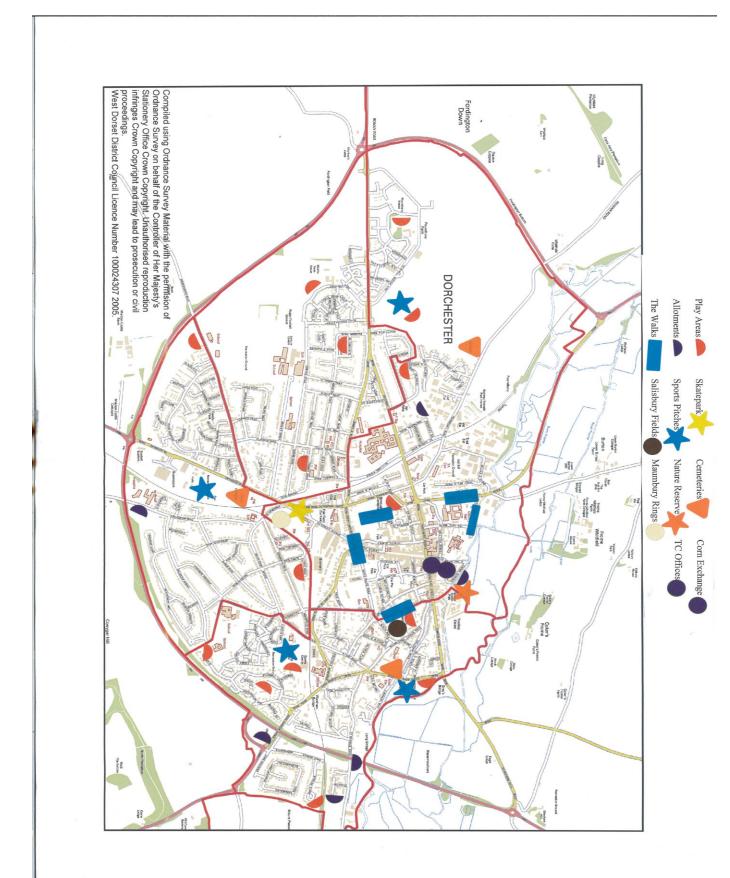

Field	Project	Milestone	Anticipated Outcome
Local Economy	Work proactively with developers		
	Facilitate discussions with business reps to improve how the town is marketed		
Housing	Understand what steps WDDC can take to reduce dwellings not in use and promote their use		
Traffic & Highways	Facilitate engagement with the community re DTEP		
	Work with town centre businesses to ensure that proper parking arrangements are made during the construction of Charles Street		
Community, Wellbeing, and Cultural	Contribute to the Better Working Together database of Community infrastructure Actively promote use of the database by residents of Dorchester		
Environmental & Heritage	Engage with Heritage and Business partners to create a shared tourism vision  Proactively engage with Simons to ensure that the Charles St development complements the town's existing heritage		

# STRATEGIC AIM 2: DELIVERING A RANGE OF OPERATIONAL SERVICES AS EFFECTIVELY AND ECONOMICALLY AS POSSIBLE

The Town Council provides a range of good quality cultural and community focused services including: -

- Parks and open spaces The Borough Gardens, Maumbury Rings, Salisbury Field, The Walks, plus town infrastructure including statues and memorials
- Recreation facilities Sports pitches at King's Road, Sandringham Sports Centre, The Great Field an Weymouth Avenue, the Skate park, 14 equipped play areas and six allotment sites
- Meeting Places The Corn Exchange and Town Hall, and two other facilities
- Opportunities to come together as a community delivering and supporting a wide range of civic, cultural, twinning and community events including bands in the Borough Gardens, Maumbury Rings August Bank Holiday, Remembrance Day and Christmas Lights in the town centre
- Burial services
- Proper Governance arrangements Council and Committee arrangements, back office systems, communications and joint working with partners

# WHAT WE PROVIDE AND WHERE?

# **OUR CURRENT SERVICES**

# HOW WE WILL IMPROVE OR ADAPT OUR CURRENT SERVICES OVER TIME

Service	Short Term	Medium Term	Long Term
	Next 2 years	3 – 5 years	6 – 20 years
Allotments	Review fees	Review need for additional sites	Develop Allotment Associations
Parks & Open Spaces	Borough Gardens - rejuvenate Bowling Green Area Improve Skate Park fencing Support the District Council to carry out a Sports Pitch audit	Borough Gardens - review Nursery operations  Great Field – new Sports Pavilion  Act on the Sports Pitch Audit to create a Sports strategy	Play Equipment – review future use of each site
Cemeteries	Review fees  Poundbury – review digging process  Full Memorials testing	Database – develop Burials database Complete internal road ways at Poundbury	Poundbury boundary wall
Municipal Buildings	Review charges & develop marketing strategy Investigate further repairs	Carry out repair works  Consider options for future use in context of Arts provision	
Culture & Twinning	Co-ordinate the town's WW1 Commemorations		
Debt, CCTV & Markets	-	-	Fairfield market - review contract and site (DMJP)
Democracy, Governance & Administration	Facilitate Speedwatch in residential areas  Prepare for new Council in 2015  Continue to develop role of Youth Council	Develop Corporate Plan into a full vision for Dorchester	

# WHAT STEPS WILL WE TAKE OVER THE NEXT 12 MONTHS?

Service	Project	Milestone	Anticipated Outcome
Allotments	Review fees	Complete Sep 14	New fee structure
Parks & Open Spaces	Borough Gardens - rejuvenate Bowling Green Area	List of ideas Apr 14  Develop preferred option for consultation Sep 14	New use for Bowling Green area
	Improve Skate Park fencing	Contract let Sep 14 Completion Dec 14	Safe fencing, new access points
	Support District Council to carry out Sports Pitch audit	Agreed approach Dec 14	Data to support new strategy
Cemeteries	Review fees	Complete Sep 14	New fee structure
	Poundbury – review digging process	Complete Nov 14	Equipt suitable for purpose/efficient dig
	Full Memorials testing	Contract let Sep 14	Safe memorials
Municipal Buildings	Review fees & develop marketing strategy	New fees Sep 14 Strategy Mar 14	Better use, higher income
	Investigate further repairs	Contract let Nov 14	Better data re condition of parts of building
Culture & Twinning	WW1 Commemorations	Programme of events Jun 14	Better access to events
Debt, CCTV & Markets	-	-	-
Democracy, Governance & Administration	Facilitate Speedwatch in residential areas	Discuss need with Police Jun 14	Better access to equipt for residents
	Prepare for new Council in 2015	Develop induction plan Feb 15	Well trained and supported members
	Continue to develop the role of the Youth Council	?	?

Democracy,	% satisfied - Informed	80%	82%
Governance & Administration	% satisfied – Value for Money	75%	67%

N.B. Indicators are likely to move from % to net positive (Satisfied minus Dissatisfied) approach soon

### COMMENTARY ON THE COUNCIL'S FINANCES

On the following pages are copies of the Council's Summary Revenue Budget and Medium Term Financial Strategy. A more detailed budget can be found on our website.

The Council is in a sound financial position, is currently running a small budget surplus, which is strengthening due to growth in its tax base, the cycle it is in for debt repayment and an efficiency focused review of its budget.

Our Gross Operational Revenue Budget for 2016/17 is £1,385k, net £1,177k after fee income from a range of services is taken into account. The Council has decided to precept £1,251k in 2016/17, creating a surplus of £74k which is transferred to a Reserve to develop new Corporate Projects. The Band D Council Tax is £180.00.

Importantly the Council has no reliance on sources of income that are beyond its control and is not reliant on Government grants, so consequently the services it provides are not under threat of being cut. The Council has taken the view, however, that it needs to be ready to support its community to respond to cuts at other tiers of local government, hence the decision to create the operational surplus. Furthermore the Council is carrying out a gradual and detailed review of every item of expenditure and income, with a view to creating additional capacity to deal with service cuts elsewhere in the public sector.

In recent years the Council has tended to underspend its operational budget by £50 - £100k a year, which it adds to the General Reserve. As the Budget is reduced as a result of the efficiency review this underspend will also reduce. The Council has assessed that it needs to keep a minimum of £200k in its General Reserve for emergency purposes. It is predicted that the Reserve will be £375k at 31 March 2017, well in excess of the minimum level.

The Council holds a number of Earmarked Reserves, which will reduce to £228k by 31 March 2017, reflecting a significant loan repayment and the completion of the first phase of its Walks Upgrade programme. Full details of the Reserves can be found in the Budget on our website.

In 2015 and 2016 the Council has transferred a significant sum, £500,000, from its General Reserve to a new Corporate Projects Reserve and then, in principle, committed itself to spend that on five projects as follows: -

Dorchester Transport and Environmental Plan (DTEP) town centre enhancements	190
Borough Gardens Bowling Green refurbishment – new Tennis Courts	150
Promoting a Heritage Tourism partnership in Dorchester	70
Supporting major new Cultural and Sports projects	50
Taking advice on the delivery of new Housing in the area and Neighbourhood Planning	40

£000

More details regarding these projects can be found elsewhere in the finalised Corporate Plan.

In summary the Council is in a healthy financial position but this Corporate Plan demonstrates it needs to carefully manage its resources, both because of its appetite to support the delivery of new opportunities in the town and because it wishes to help its community to deal with the worst impacts of cuts elsewhere in local government service provision.
