In attendance:

**APOLOGIES** for absence were received from Councillors C.S. Biggs, S.C. Hosford, Trevor Jones, F.E. Kent-Ledger and D. Taylor.

52. **NEW LOCAL PLAN FOR WEST DORSET, WEYMOUTH & PORTLAND –  
ALTERNATIVE SITES CONSULTATION**

Further to Minute 47(a) the Committee welcomed Jo Witherden and Sally Lloyd-Jacob from West Dorset District Council who were attending the Meeting to discuss with Members further possibilities for residential development in and adjacent to Dorchester.

Ms. Witherden informed the Committee that the District Council was proposing further changes to the draft Local Plan in response to the large number of objections received from residents in Beaminster, Crossways and Sherborne to the proposed housing allocations at Hollymoor Lane, Beaminster, Crossways and Barton Farm, Sherborne.

She informed the Committee that census information had been used to assess future housing needs and despite the draft Local Plan showing a shortfall in proposed development the District Council was of the opinion that the allocation was about right. However, the District Council would decide shortly whether to increase Dorchester's housing allocation.

The two main areas proposed for significant housing development were land to the north of the water meadows and the land south east of the Town, west of Alington Avenue allotments, both of which were outside the current Town boundary.

In response to a question Ms Witherden confirmed that there would be a further round of consultation with Dorchester residents, hopefully from the end of January to mid-March, 2013.

In response to another question it was confirmed that the land to the north of the A35 bypass adjacent to Castle Park would not be considered, despite a recent leaflet drop to the residents of Castle Park by a potential developer.

Concern was expressed that the infrastructure within the Town could not at present sustain the predicted 3000 plus houses. Members also were strongly of the opinion that significant improvements would need to take place to the link road in Alington Avenue onto the A35 together with all pedestrian links in this area. Another

Member expressed his concern that the District Council was proposing to build houses on prime farming land against their current Local Plan policies. Members also expressed concern that both sites now suggested for development could increase the flooding risk for the Town.

In response to a question the District Council officers acknowledged that a boundary review would be required.

The Chairman thanked the officers for their attendance at the Meeting.

53. **MINUTES**

The Minutes of the Meeting of the Committee held on 3rd December, 2012, a copy of which had been circulated to all Members of the Committee, were taken as read and were confirmed and signed by the Chairman as a correct record.
