Agenda for the meeting of the Management Committee which will be held in the Council Chamber, Municipal Buildings, Dorchester on Tuesday 15 January 2019 at 7.00pm.

Adrian Stuart Town Clerk

Public Speaking at the Meeting

The Chairman has discretion to allow members of the public to speak at the meeting. If you wish to speak please ask the Chairman before the meeting starts. We ask speakers to confine their comments to the matter in hand and to be as brief as is reasonably possible.

Member Code of Conduct: Declaration of Interests

Members are reminded that it is their responsibility to disclose pecuniary or non-pecuniary interests where appropriate.

A Member who declares a pecuniary interest must leave the room unless a suitable dispensation has been granted.

A Member who declares a non-pecuniary interest may take part in the meeting and vote.

Membership of the Committee

Councillors C. Biggs, A. Canning, G. Duke, J. Hewitt, S. Jones (Chairman), F. Kent-Ledger, T. Loakes, A. Lyall, R. Potter, M. Rennie, K. Rice and The Mayor ex-officio.

1. Apologies

2. Minutes

To read, confirm and sign the Minutes of the meeting of the Committee held on 13 November 2018 (adopted by Council on 27 November 2018). A copy of the Minutes can be found at www.dorchester-tc.gov.uk/Committees/Management/Minutes.

3. Municipal Buildings - Lift

To consider a report by the Deputy Town Clerk (enclosed).

4. Management Arrangements – Outdoor Services

To receive the Outdoor Services update report (enclosed).

5. King's Road Play Area – Steam Roller

The information board regarding the steam roller at King's Road play area has now been installed. The installation was timed to coincide with the first Christmas Steam and Vehicle Meet organised by Transport of Yesteryear held at Top O' Town car park and which featured a working Eddison (similar to the one at King's Road) driving through the town.

The Council has received a few requests asking whether the steam roller could be put back to its original colours (green and black) rather than the bright colours that it is at present – Members views are sought on this matter.

6. Sandringham Sports Centre – Parkour Equipment

Further to Minute No. 29 the Committee will be asked to give further consideration to the future of the parkour equipment at Sandringham Sports Centre.

7. 2019-2020 Estimates, Special Items and Fees and Charges

To consider the Committee's Estimates, Special Items and Fees and Charges for 2019-2020 (enclosed).

If any Member has any detailed queries or questions regarding the proposed budget please contact the office prior to the meeting.

8. Small Grant Application

To consider a grant applications (enclosed) from:-

- (i) Dorchester Athletic Club
- (ii) AsOne Theatre Company
- (iii) Julia's House
- (iv) Rock Against Racism Dorchester

9. Cemetery Matters

(a) Exclusive Right of Burial and Interments and Burial of Ashes

To note the grants of Exclusive Rights of Burial issued and the number of interments, burials of ashes and uses of the South Chapel at Dorchester Cemetery since the last meeting of the Committee (enclosed).

(b) <u>Headstones and Inscriptions</u>

To confirm the action taken by the Town Clerk in approving applications for the design of headstones and inscriptions received since the last meeting of the Committee. The Register of Memorials will be available to view at the meeting.

10. Monitoring Reports

To consider the Municipal Buildings and Borough Gardens House monitoring report (enclosed) and the Municipal Buildings maintenance report (enclosed).

11. Dorchester Arts

To consider the notes of a meeting held with Dorchester Arts on 14 November 2018 (enclosed).

12. Urgent Items

To consider any other items that the Chairman or Town Clerk decides are urgent.

13. Public Bodies (Admission to Meetings) Act 1960

To resolve "That in view of the fact that publicity would be prejudicial to the public interest by reason of the confidential nature of the following matters the public and representatives of the press be excluded from this meeting during their discussion".

14. Municipal Buildings

Regular Hirer Discounts 2019-20 (schedule enclosed).

15. Borough Gardens – Christmas 2019

To consider a report by the Town Clerk (enclosed).

MANAGEMENT COMMITTEE - 15 JANUARY 2019

MUNICIPAL BUILDINGS – LIFT

- 1. The Committee will be aware that the lift within the Municipal Buildings has had an issue with reliability since it was installed in 2010.
- 2. In 2012 Stannah Lifts undertook a review of the lift and identified that the top of the lift shaft flexed slightly when the platform moved up and down and this flexing resulted in the door contacts not connecting and the lift stopping. New contacts were manufactured and placed in an alternative location which made the lift somewhat more reliable but still not very robust for public use.
- 3. Over the past few years the reliability of the lift has again been poor with various components of the lift failing. This is despite the lift being regularly serviced and tested. In the past year over £4,500 has been spent on service and repair alone.
- 4. The lift is at its most reliable when there is a Town Hall Keeper available to assist people that wish to use the lift. With a Town Hall Keeper helping it also means that should the lift fail the Town Hall Keeper is on hand to manually return the lift to ground floor and open the door for the occupants.
- 5. At a weekend event prior to Christmas the lift failed again. The lift failure resulted in two occupants being trapped in the lift. A Town Hall Keeper could not be found and so the occupants pressed the emergency button within the lift (this button cycles through a number of preprogrammed telephone numbers until the call is answered) eventually contacting an old lift contractor and then the ex Town Clerk at home. The ex Town Clerk contacted myself and I contacted the Senior Town Hall Keeper and the on duty Town Hall Keeper. Sometime had passed since the occupants had been trapped within the lift and they were understandably becoming concerned and so telephoned the Fire Service who attended and released them from the lift.
- 6. This incident was concerning to those trapped in the lift and does not reflect well on the Council. A review of the incident has been conducted with the following actions being proposed / taken:-
 - A written instruction has been given to the Town Hall Keepers reminding them that
 whilst there is an event being held in the Municipal Buildings, out of office hours,
 the on duty Town Hall Keeper is required to stay on the premises at all time whilst
 the event is taking place.
 - The lift emergency button telephone numbers have been changed.
 - The Town Hall Keepers are to be provided with a mobile telephone which they will be required to keep on their person whilst on duty (this number will also be the first number on the lift emergency button).
 - The lift has had a barrier placed in front of it so as to prevent use without a Town Hall Keeper in attendance to help. There is a notice asking those wanting to use the lift to press the buzzer to summon the Town Hall Keeper.

- 7. Officers are also exploring whether there are any ways of making the lift more robust and reliable and also whether there are any alternatives to a passenger lift such as Stannah stairiser inclined platform lift.
- 8. Members are asked to note the action being taken and that a further report will be presented to a future meeting of the Committee on the options available for a long term reliable solution.

Steve Newman Deputy Town Clerk

MANAGEMENT COMMITTEE – 15th January 2019 OUTDOOR SERVICES UPDATE REPORT – Winter 2018/19

- 1. The Autumn/ early winter period saw ongoing maintenance work and one off jobs being completed within the outdoor services team and this continued into December. A wet spell restricted grass cutting, this is now is halted for the winter unless particularly mild conditions promote growth in high profile areas. Staff are now taking the time to do the basic maintenance and preparation works that ease pressure in the summer and ensure good standards of maintenance for the coming spring and are undertaking repair works to ensure quality is maintained
- 2. The Borough Gardens staff have been working hard doing many task within the site. The Tirah monument now has a new grass and flower bed area around its base overcoming the problems with the uneven levels of the grass surface and poor growth in some of the former flower bed areas. This should lead to a significantly improved effect and display for summer 2019. Works have taken place to improve the residual area to the side of the new tennis courts which has resulted in a level grass area which will be maintained in the future until wider decisions are made about path layout and land use in that area. Further pruning of over grown shrub beds and low tree Branches will also be undertaken through the coming winter.
- 3. The staff have also begun improving the appearance of the nursery area following the cttee decision in November. Further works will include removal of overhanging tree branches reduction in height of adjacent hedges, painting and general building repairs.
- 4. The recent vehicular damage to the boundary fence in Cornwall Road is subject to an insurance claim from the driver concerned. Progress is good and the original fencing contractor has an order to fabricate and replace with like for like replacements.
- 5. Away from the gardens, the outdoor services team have been very busy completing the installation of bins and seats on the Walks network and in larger open spaces. A further batch of new bins will be ordered shortly to replace old and unsightly bins in cemeteries and open spaces to complete the change and updating to waste facilities in the councils sites.

 Additional winter works have been carried out around the town, again to ensure facilities are of a good standard. These works include, the completion of maintenance works at Fordington Cemetery, lifting of branches and crown reduction to trees over the footpath in Mellstock Avenue Play area and an installation of new bench at Sandringham Sportsground. Staff have carried out routine repairs and maintenance in several play areas and will be power washing safety surfacing in several play areas before topping up with sand dressing.

Further routine work has continued keeping play equipment in a safe and well maintained condition, collecting litter from open spaces and preparing vacant allotments for re-letting. The pre-Christmas period saw staff heavily involved in making sure the Towns Lights looked their best, this involved evening / night working to ensure the safety of staff and road users whilst the lights were put up and then removed.

The Christmas tree was again located by the town pump and remained on site until the last working day before 12th night.

- 7. Due to the agreements with Dorchester Cricket Club and Dorchester Football club sports ground maintenance is very much reduced at this time of year and is limited to removing litter and general boundary structure checking.
- 8. Poundbury Cemetery improvement works phase 1 are now complete and the area is visually much improved by the new road layout and wall. Future work will now be concentrated on providing a chestnut post and rail fence around and re-sowing of the natural burial wildflower area. This work has been delayed a little by staff sickness but will be completed in time for the new growing season. The areas of grass in the cemetery that were disturbed by the construction work have been top soiled and roughly levelled. When the soil is dryer and higher temperatures occur the areas will be properly levelled and seeded. The remaining loose gravel on the older path network has been removed so all hard surfaces now have the same finish.

 Works will shortly commence to repair and improve the appearance of both the main entrance gates and the adjoining rendered walls which are visually very poor at the moment.
- 9. In the coming weeks staff will be renovating seats and in various locations carrying out maintenance work to play area equipment and carrying out further maintenance works at Weymouth Avenue cemetery, removal of ivy from trees and walls already having been carried out.

10. Biodiversity

Members will be aware that the use of electric maintenance equipment has been investigated in a move to reduce CO2 produced. After viewing, a vehicle type was selected that met the Council's need, the model is on schedule for delivery in late January 2019. The Outdoor Services Manager has evaluated the use of electric, battery powered maintenance tools to both reduce the use of petrol and oils and also reduce noise levels within the gardens and staff have trialed several items on loan. As a result of this work an order was placed for a selection of equipment and batteries which were delivered in early January. The selection is based on replacing petrol powered machines that would naturally be replaced in March anyway due to being worn out or producing higher hand arm vibration readings.

The cost of machines and particularly batteries is initially high so it is intended that changing over the entire fleet of machinery will be undertaken over the coming years to spread capital cost. A review of all machinery has been undertaken and several surplus machines have been removed from the equipment itinerary and will not be replaced.

Members should be aware that the purchase of larger heavy load carrying type tipper vans in the future will require a higher level of funding due to their high initial cost, payback will be achieved by the cessation of buying diesel and the use of solar panel generated power via batteries located in the depot in future years.

It is intended, once the solar panels are in place and the electric powered vehicle has arrived, that members can, if they wish, attend a viewing of the facilities and equipment in use.

The use of Nematodes for slug control is now established and will continue indefinitely into the future.

Work is continuing with the Duchy of Cornwall's officers to agree and install wildflower areas at the Great Field in Dorchester, this will be a significant increase in the amount of wildflower within the town and is currently timetabled for establishment in 2019.

Finally as part of our ongoing staff development and training members will be pleased to learn that refresher training will be organised for staff in the coming months to ensure they are up to date in the use of machinery and or safe working procedures and first aid.

Carl Dallison Outdoor Services Manager

MANAGEMENT COMMITTEE – 15 JANUARY 2019

REVENUE BUDGET 2019/20

- 1. A draft budget for services provided by this Committee is attached (Appendix 1). Total service costs are £1,029k, £147k higher than the current year.
- 2. The **main** change to budgets for services operated by the Committee relates to a proposed additional one-off contribution of £100k to the Municipal Buildings Reserve:
 - The Council has been preparing to reroof the Corn Exchange in 2020, estimated at c. £250k, and normal contributions at c. £60k a year should be sufficient to meet this cost but will empty the Reserve
 - It is also becoming apparent, however, that the building's boilers are reaching the end of their life and that the lift to the first floor is not fit for purpose; it has also been recognised that the building will need redecoration within the next few years
 - The Town Clerk therefore proposes that an additional £100k is set aside in the Reserve and that a detailed plan to deal with the above items is brought forward to the new Council later in the year
 - It has already been recognised that the new Council will also have to consider the long term use of the building if and when the picture regarding The Maltings become clearer. An important meeting of potential partners to clarify how and if this project will progress is scheduled for late January
- 3. Other **key change** to budgets for services operated by the Committee are:
 - In line with a long-standing commitment included in the Medium Term Financial Strategy, £30k has now been added to the Parks and Open Spaces Budget to recognise new operational costs associated with The Great Field when it becomes operational. The Outdoor Services Manager will prepare a more detailed report as discussions with the Duchy of Cornwall progress
 - The second year of an agreed national pay award has been fully factored into the budget. This provides 2% on most grades, but higher increases for the lowest paid grades, these being applicable to many of our staff (+£13k).
 - With nil net impact
 - Income from Football (£4k) has been reduced, offset by equivalent reductions in premises and supply budgets within Parks and Open Spaces and Outdoor Services
 - Costs associated with Cricket (Groundsman wages and equipment maintenance) have been removed, replaced by a reducing contribution (£6k in 2019/20) to the Cricket Club to maintain the Cricket pitch
 - Contributions to Reserves have been readjusted, with reductions to Parks
 Premises and Cemeteries Reserves and increases to the Play Equipment and
 Municipal Buildings Reserves

- Municipal Buildings employee budgets have been reduced to offset lower levels of income (£5k)
- 4. As normal c.£18,000 has been allowed for **Special Items** (currently included in Parks and Open Spaces budget but to be reallocated). It is proposed that this is allocated as follows in 2019/20

		£000
•	Resurfacing the area around the Borough Gardens Fountain	8
•	Constructing a path to the Disabled Play at Maiden Castle Rd	4
•	Twinning celebrations – 60 years twinned with Bayeux	3
•	New Council – Member Training	3

5. The Earmarked Reserves expenditure planned for 2019/20: -

	£000	
Moonbury Rings Festival July		12
Poundbury Cemetery infrastructure retention		5
Vehicles and Equipment – new Pick Up vehicle		15
Play Equipment replacement		10

- 6. If the Estimates are accepted as drafted they will form part of the **Council's overall budget**, which is currently being set within the following context: -
 - A 2.0% increase in Council Tax will be proposed that, coupled with a 3.3% growth in Council Tax Base, will produce a precept of £1,464k, up £76k (5.3%) from 2018/19
 - Budgets overseen by the Policy Committee will rise from £329k to £360k, mainly due to a new £20k budget for elections
 - Having included one-off budgets totalling £120k (Municipal Buildings reserve and elections) the above factors still result in an operating surplus of £75k for 2019/20, i.e. the Council could expand its current services, take on new services, take on new debt, or reduce its precept next year to the value of £75k, or top up its Reserves.
 - From 2020 onwards the operating surplus is likely to be allocated to help manage local service cuts by the new Dorset Council, so it will be proposed that for 2019/20 the surplus is added to the Corporate Projects Reserve
 - Council will consider the overall strategy on 29 January 2019
- 7. Taking account of all of the information above it is **RECOMMENDED** that:
 - a. An additional contribution of £100,000 is made to the Municipal Buildings Reserve
 - b. Therefore the budget as laid out at Appendix 1 is submitted to the Policy Committee for inclusion within the Council's overall budget for 2019/20
 - c. A list of Special Items totalling £18,400 is proposed to the Policy Committee for their consideration, based on the items in para 4 above

- 8. Fees and Charges have been revised and are included on the accompanying appendices. Items to note include: -
 - The only charge for sports now relates to Tennis. For 2019/20 it is proposed that the charges remain the same at
 - o Annual membership £25 for both residents and non-residents
 - o Pay and Play £8 per hour
 - Cemeteries charges have been increased broadly in line with inflation see
 Appendix 2 for existing and proposed charges
 - Borough Gardens House charges (existing charges set out in Appendix 3) and Municipal Buildings charges (existing charges set out in Appendix 4) remain unchanged, but the charges for regular hirers, from whom most of the income is generated, have been increased where possible, there is a separate report on these charges later on the agenda.

Dorchester Town Council Grant Application Form

Dear Steve

As a valued supporter of AsOne Theatre in the past, please find our Grant funding Application to allow Dorchester school children to experience an exciting theatre workshop prior to their subsidised performance of our current Production of 'Escaping the Storm' at the Corn Exchange - Dorchester Arts on 16 January.

The play about Dr Marie Stopes and her time living in Dorset, explores her influence on the world, both as a brilliant scientist and controversial campaigner. The workshop enables the children to understand the characters and times more fully, the contribution to local history. It builds confidence and enhances their overall theatre experience.

I do hope you are able to support this exciting activity and so look forward to your consideration and reply.

Regards

ano

DORCHESTER ARTS BOARD MEETING WEDNESDAY 24 OCTOBER 2018, 4.30pm CORN EXCHANGE

1. Present:

Mark Tattersall MT (Artistic Director)
Louise Sheaves LS (Chair)
Jennie Veale JV (Vice-Chair)
Peter Smith PS (Treasurer)
Trevor Ware TW
Roger Jarvis RJ
Laura Mulhern LM
Penny Treadwell PT
Susie Hosford (for WDDC)
Fiona Kent-Ledger (for DTC)

Rachel Cole (observer)

Jacky Thorne, JT (Fundraising and Development Manager) for first 15 minutes.

- 1) **Welcome** and introduction of prospective board member Rachel Cole. Later in the meeting she described her current role as fundraiser for the Dorset County Hospital charity and her previous work at the Museum.
- 2) **Apologies** received from Tess James (TJ) and Fiona Pearson.(FP)

Before meeting began there was a presentation by JT of the crowdfunding launch for the Apollo project in July next year to celebrate the 50th anniversary of the moon landings. The launch of crowdfunding is 29 October and the process was explained. A short video was shown, which will be the main tool for marketing the appeal. There was general discussion.

- 3) There were no **conflicts of interest** registered.
- 4) The minutes of the last meeting were approved by LS and seconded by RJ.

5) Matters arising.

FP has sent emails to Dropbox which have been received by the appropriate people. TW enquired as to progress on groups working towards improvements in the CX and customer service. Updated by MT on slow progress with lobby improvements which requires television screen remote control and repainting of walls (DTC).

6) **DTC**

FKL reported that progress is being made with banners for the outside of the CX. Discussion continues over likely roof repairs to the CX in 2020.

7) New member Laura Mulhern was proposed by LS and seconded by JV. It was explained to her that the term of office will run from the AGM on January 2019.

8) The Maltings

There is to be a stakeholders' meeting on Jan 25th. The option agreement has been extended to June 30th 2019.

9) Artistic Director's Report.

Attendance at events and subsequent financial income continues to be volatile, a situation which is common elsewhere. Issues around this were discussed, with changes now being made to programming to exclude 'risky' bookings in the future. There was discussion of targeting audiences such as hospital staff and to get more marketing to Poundbury. It was acknowledged that the Dorchester Literary Festival competes with our audience. Release dates of the DA brochure may be altered to avoid issues with the mailing of it conflicting with holiday periods.

The Apollo project is becoming a very large event with many different parties showing interest and becoming involved. There is to be an Arts Council bid plus the Crowdfunding. There was discussion about DA financial responsibility but board reassured that planning is developing along with available funding.

A Pure Woman attendances on tour have been very good apart from Bristol.

10) **Annual General Meeting** to be held on Saturday 11 January 2019 from 11am to 1pm.

11) Fundraising

PT reported on Legacy training and importance of DA becoming more aware of its charity status. It was approved by the board to plan for future work on Legacy issues, possibly in partnerships with local solicitors and wealth managers. This was proposed by LS and seconded by TW.

Fundraising events were reported and it was acknowledged that events need to make as much money as possible in the current uncertainty. The spring event The Big Picture Sale was discussed and the plan to make it attractive to a large audience with a variety of works and entertainment on the day.

PT reported that Gallery on the Square had become sponsors of this event. There was discussion about the influence of social media on fundraising and it was noted that more was now visible on Twitter and Facebook but that we need to widen the range of contacts by sharing posts.

12) HR/Policies

RJ reported FP had updated all policies and was in email touch with members to assure Dropbox messages are being received.

13) Finance

Accounts: PS reported that auditing queries had been resolved, the second draft made and report to be approved.

In terms of management accounts, an overall loss for the period was reported from under-performance in programming, fundraising and bar trading. There was discussion over reasons for poor ticket sales but cash flow remains satisfactory. Salaries are to remain as at present. MT reported a planned reduction or 'cull' in programming and for a further push in membership from Marketing Manager.

14) **AOB**TW felt membership charges are too low but MT thought better to keep it low until numbers increase.
